

Join Cathy Fosnot in Austin! Conferring with Young Mathematicians at Work: Making Moments Matter

A Workshop for K-8 Mathematics Educators

Monday June 19 & Tuesday June 20
8:30 a.m. - 3:30 p.m.
Trinity Episcopal School, Austin, TX

The way we question, celebrate, and support has a dramatic effect on how children feel about mathematics and what they learn.

Deepen your ability to question, guide, mentor, and support young mathematicians as they work on investigations.

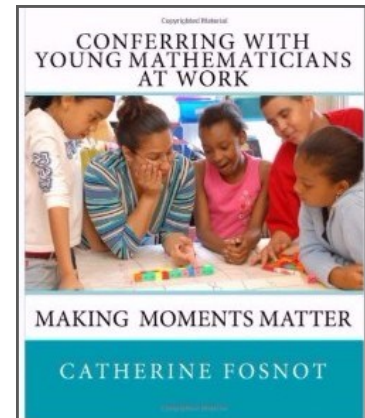

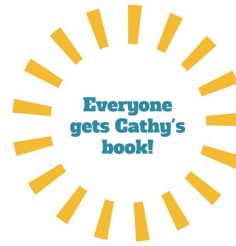

You will:

- Learn to question effectively
- Review the landscape of learning comprised of big ideas, strategies, and models as a framework for use when conferring
- Study and analyze exemplary teachers as they confer with children during the workshop
- Become a more competent facilitator of learning
- Analyze the use of various models as tools for representation
- Learn to encourage children to use models as tools

\$530 per person
all materials included
